Managing Your Career Transition

While Integrating your Career, Faith, and Life

Careers Through Faith (www.CareersThroughFaith.org), a non-profit, faith-based career transition program, will offer a **FREE** two-hour presentation on **Monday, June 22nd** at **Saint Patrick Parish in Natick** from **7–9 PM**.

This program is designed for individuals who are in the midst of a job or career change, feel underemployed, underutilized or unfulfilled and who seek to approach their transition from a faith-based perspective.

The program will be presented by **CTF** founder and professional career coach, Nick Synko. Nick is the owner and principal partner of Synko Associates, a career transition and executive coaching firm in Ann Arbor, Michigan. He is also the workplace columnist for **FAITH** magazine, the author of two books on workplace issues, and a frequent guest on national and local radio stations. His presentation will address the topic of combining faith-based, purpose-driven decision-making with street-smart, highly competitive job-search skills.

If **NOW** is the time to align who you are with what you do, this seminar will help you gain clarity, direction, and the tools necessary to discover how to move from “What’s next?” to “What’s best?”
