IN SUMMATION- A program that;

• Is permanently adopted, which engages all parishioners
• Is not about fundraising alone
• Is an annual program with year-long promotion & updates
• Promotes “faith” and “action”
• Can grow with every successive year
• Has no hidden costs- just the cost of printing and mailing
• Is designed to reflect specific parish mission activities
The measurements of success are:

- Parishioners who grow in faith and gratitude
- Parishioners who see the parish as “theirs to make survive and thrive”
- Parishioners who give more of themselves to make the parish work
- More Parishioners giving financial support at higher levels.
