MISSION: North Cambridge Catholic High School is a co-educational school, offering students of multicultural backgrounds and limited economic means a rigorous college preparatory program in a safe, nurturing environment. Through a comprehensive curriculum, the Corporate Work Study Program, and a close partnership with families, North Cambridge Catholic prepares its graduates to become exceptional business and community leaders. The school embraces the cultural, ethnic, and religious diversity of the student body, enabling each student to develop a unique sense of personal responsibility, global awareness, and spiritual growth.

DESCRIPTION: North Cambridge Catholic High School offers one of the strongest and most innovative educational programs in the United States: the Cristo Rey Corporate Work Study Model. The young men and women who attend the school study a full college preparatory high school curriculum and work five full days every four weeks at one of the 70 prominent companies who sponsor students. At North Cambridge Catholic High School, students work to earn a first-rate, college preparatory education. The North Cambridge Catholic High School is distinguished by high academic standards, values based education, a practical work-study program and a safe school environment. In religion classes students study the scriptures, Catholic morality and ethics, the sacraments, world religions, and the social doctrine of the Church. The Campus Ministry program engages students in prayer, liturgy, retreats and community service. North Cambridge Catholic High School educates students from 25 communities in Greater Boston.
