We have audited the accompanying statements of net assets available for benefits of the Benefit Trust for Non-Incardinated Priests Duly Assigned for Service in the Archdiocese of Boston as of June 30, 2007 and 2006, and the related statements of changes in net assets available for benefits for each of the three years in the period ended June 30, 2007. These financial statements are the responsibility of the Trust's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial status of the Benefit Trust for Non-Incardinated Priests Duly Assigned for Service in the Archdiocese of Boston as of June 30, 2007 and 2006, and the changes in its financial status for each of the three years in the period ended June 30, 2007, in conformity with accounting principles generally accepted in the United States of America.

Actual results could differ from those estimates.

Cash and Cash Equivalents - The Trust deposits its cash in major financial institutions, which are insured by the Federal Deposit Insurance Corporation ("FDIC") up to \$ 100,000. There have been no uninsured deposits. Cash equivalents consist of uninsured money market mutual funds of \$309 at June 30, 2007 (\$294 at June 30, 2006). The Trust has not experienced any losses as a result of uninsured amounts.

Basis of Accounting - The financial statements have been prepared on the accrual basis of accounting.
