Independent Accountants' Review Report

To the Board of Trustees of the
Roman Catholic Archdiocese of Boston Transition Assistance Program:

We have reviewed the accompanying statements of benefit obligations and net assets available for benefits of the Roman Catholic Archdiocese of Boston Transitional Assistance Program (the Plan) as of June 30, 2015 and 2014, and the related statements of changes in benefit obligations and changes in net assets available for benefits for the years then ended. A review includes primarily applying analytical procedures to management's financial data and making inquiries of the Roman Catholic Archdiocese of Boston management. A review is substantially less in scope than an audit, the objective of which is the expression of an opinion regarding the financial statements as a whole. Accordingly, we do not express such an opinion.

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for designing, implementing, and maintaining internal control relevant to the preparation and fair presentation of the financial statements.

Our responsibility is to conduct the review in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants. Those standards require us to perform procedures to obtain limited assurance that there are no material modifications that should be made to the financial statements. We believe that the results of our procedures provide a reasonable basis for our report.

Based on our reviews, we are not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in conformity with accounting principles generally accepted in the United States of America.

Alexander, Brown, Fenning & Co., P.C.

(See Independent Accountants' Review Report)

NOTE A - DESCRIPTION OF PLAN

The following description of the Roman Catholic Archdiocese of Boston Transition Assistance Program (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan provides unemployment benefits for all eligible employees who work for a participating employer. All participating employers are Catholic organizations within the Archdiocese of Boston.

Eligibility

For all employees, participation begins on the first day of the month following the completion of one year of service in which at least 1,000 hours of service were worked. Those who are employed by participating schools are eligible provided they have worked at least 24 hours per week for an entire academic year.

Benefits

The full amount of unemployment benefits is based upon 50% of the employee's base weekly wage to a maximum coverage of \$698 and \$674 (gross) per week as of June 30, 2015 and 2014, respectively. Benefits are payable for a maximum duration of thirty calendar weeks. Weekly maximum benefit amounts are adjusted annually to reflect the Massachusetts statutory weekly unemployment benefit maximum. Continued benefits are contingent upon proof of active job search.

Contributions

The Plan document provides that the participating employers may make monthly contributions to the Plan of a specified amount based on the annual salaries of the eligible employees. The employers' contribution rate is determined annually by the Plan's Trustees.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The Plan prepares its financial statements in accordance with generally accepted accounting standards and principles established by the Financial Accounting Standards Board (FASB). References to U.S. GAAP in these notes are to the FASB Accounting Standards Codification (ASC).

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, benefit obligations and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

ROMAN CATHOLIC ARCHDIOCESE OF BOSTON TRANSITION ASSISTANCE PROGRAM

Notes to Financial Statements

(See Independent Accountants' Review Report)

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Cash and Cash Equivalents

For purposes of presentation of the statements of benefit obligations and net assets available for benefits, cash and cash equivalents include all checking and savings accounts and overnight investments from the accounts. The Plan deposits its cash in major financial institutions, which are insured by the Federal Deposit Insurance Corporation (FDIC) up to certain amounts. At certain times during the year, cash balances may exceed the insured amounts. The Plan has not experienced any losses in such accounts. The Plan believes it is not exposed to any significant credit risk on cash and cash equivalents.

For purposes of presentation of the statements of benefit obligations and net assets available for benefits, cash equivalents include short-term, highly liquid investments with original maturities of three months or less and are reported at cost, which approximates fair value. The Plan deposits its cash equivalents in major financial institutions, which are not insured. The Plan has not experienced any losses in such accounts.

Investment Valuation and Income Recognition

The Plan's investments are carried at fair value. Changes in fair value are reflected in the statements of benefit obligations and changes in net assets available for benefits as net appreciation in fair value of changes in investments. The Plan's financial statements are recorded on the accrual basis of accounting.

Investments represent the Plan's unit holdings in the Common Investment Fund, Roman Catholic Archbishop of Boston (the "Common Investment Fund"), a separate related organization established to provide a common investment pool in which the Plan and other related organizations may participate. It is the Common Investment Fund's policy to distribute to its members, on a quarterly basis, one percent of the total net assets as of the end of the first business day of the quarter. The Common Investment Fund invests nearly all of its funds in the RCAB Collective Investment Partnership (the "Investment Partnership"), the underlying investments of which are primarily equity and fixed-income securities (U.S. Government and agency securities, asset-backed securities and corporate bonds) owned either directly or indirectly through mutual funds, private investment entities, and money market funds.

The fair value of the Investment Partnership's investments in domestic and foreign securities listed on security exchanges is valued at the last reported sales price, or if there is no such reported sale or official closing price, at the most recent quoted bid price. For those securities whose prices are not available through independent pricing services, bid price quotations are obtained by State Street from the principle market makers in those securities or at fair value as determined in good faith by management. Investment holdings of private investment entities that are not actively traded are valued based on the net asset value per share on the valuation date as reported by the individual investment managers.

Administrative Expenses

The Plan pays office and other administrative expenses that consist primarily of fees paid to third-party claims administrators and accounting fees. The Plan also pays a service fee for administrative, technology, and clerical services, which are charged to the Plan by the Roman Catholic Archbishop of Boston, A Corporation Sole (see Note D) (the Plan Sponsor). These expenses are reported on the statements of changes in benefit obligations and changes in net assets available for benefits as general and administrative expenses.

Notes to Financial Statements
June 30, 2015 and 2014
(See Independent Accountants' Review Report)

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Participating Employers' Contributions Receivable

Amounts receivable from participating employers are stated net of an allowance for uncollectible assessments, which are reported on the Plan's statements of benefit obligations and net assets available for benefits. The allowance is established via a provision for uncollectible assessments. On a periodic basis, management evaluates its receivables and establishes or adjusts its allowance to an amount that it believes will be adequate to absorb possible losses on accounts that may become uncollectible based on evaluations of the collectability of individual accounts.

Benefit Obligations

Benefit obligations consist solely of claims payable for involuntary job loss. Claims payable represent actual claims received and payable, as well as an estimate by management of future amounts payable for claims incurred through the end of each year. There are no post-retirement benefit obligations associated with the Plan.

Subsequent Events

Subsequent events have been evaluated through December 16, 2015, which is the date the financial statements were available to be issued. There were no events that met the criteria for recognition or disclosure in the financial statements.

Provision for Income Taxes

The Plan is included in the United States Catholic Conference Group Ruling and in the Official Catholic Directory and is therefore exempt from income tax under Section 501(c)(3) of the Internal Revenue Code (IRC). The Plan adopted guidance recognizing the financial statement benefit of a tax position only after determining that the relevant tax authority would more-likely-than-not sustain the position following an audit. For tax positions meeting the more-likely-than-not threshold, the amount recognized in the financial statements is the largest benefit that has a greater than fifty percent likelihood of being realized upon ultimate settlement with the relevant tax authority. The Plan's management has reviewed the tax positions for open periods and determined that no provision for income tax is required in the Plan's financial statements.

NOTE C - FAIR VALUE MEASUREMENTS

The Plan has adopted the criteria for the *Fair Value Measurements* standard. This standard defines fair value, establishes a framework for measuring fair value under U.S. GAAP, and mandates disclosures about fair value measurements. The criterion establishes a fair value framework that prioritizes the inputs and assumptions used to measure fair value.

ROMAN CATHOLIC ARCHDIOCESE OF BOSTON TRANSITION ASSISTANCE PROGRAM

Notes to Financial Statements

June 30, 2015 and 2014

(See Independent Accountants' Review Report)

NOTE C - FAIR VALUE MEASUREMENTS (Continued)

The three levels of the fair value framework are described as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A qualifying asset or liability's level within the framework is based upon the lowest level of any input that is significant to the fair value measurement. The methods used for valuing the assets and liabilities are not necessarily an indication of the risks associated with those assets.

There have been no changes in the methodologies used as June 30, 2015 and 2014.

Following is a description of the valuation methodologies used for the asset measured at fair value:

Common Investment Fund: The Plan's unit holdings in the Fund do not have quoted prices in active markets or significant other observable inputs that have quoted market prices, although the Plan can redeem its investment at the net asset value (NAV) per share at June 30, 2015 and 2014. These assets are valued using Level 2 inputs under the fair value hierarchy. The Plan evaluates the Fund's estimate of the fair value of the Plan's unit holdings in the Fund based on the Plan's share of the underlying investment portfolio that consists of actively traded equities, bonds and money market funds.

The following table presents by level, within the fair value hierarchy, the Plan's asset at fair value as of June 30, 2015:

<u>Description</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Roman Catholic Archbishop of Boston Common Investment Fund	\$ -	\$ 1,565,402	\$ -	\$ 1,565,402

The following table presents by level, within the fair value hierarchy, the Plan's asset at fair value as of June 30, 2014:

<u>Description</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Roman Catholic Archbishop of Boston Common Investment Fund	\$ -	\$ 1,537,141	\$ -	\$ 1,537,141

ROMAN CATHOLIC ARCHDIOCESE OF BOSTON TRANSITION ASSISTANCE PROGRAM

Notes to Financial Statements
June 30, 2015 and 2014
(See Independent Accountants' Review Report)

NOTE C - FAIR VALUE MEASUREMENTS (Continued)

The following table summarizes investments measured at fair value based on net asset value NAV per share as of June 30, 2015 and 2014:

<u>June 30, 2015</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (if currently eligible)</u>	<u>Redemption Notice Period</u>
Roman Catholic Archbishop of Boston Common Investment Fund (a)	\$ 1,565,402	N/A	Monthly	15 days

<u>June 30, 2014</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (if currently eligible)</u>	<u>Redemption Notice Period</u>
Roman Catholic Archbishop of Boston Common Investment Fund (a)	\$ 1,537,141	N/A	Monthly	15 days

- (a) The Common Investment Fund, Roman Catholic Archbishop of Boston (the "Fund") seeks to achieve its investment objective of maximizing long-term return by investing substantially all of its net investable assets through a master-feeder structure, in the Roman Catholic Archbishop of Boston Collective Investment Partnership (the "Partnership"), which has the same investment objective and policies as the Fund.

NOTE D - RELATED PARTY TRANSACTIONS

A service fee for administrative, technology and clerical services is charged to the Plan by the Roman Catholic Archbishop of Boston, A Corporation Sole. The fees charged for the years ended June 30, 2015 and 2014, were \$83,296 and \$73,643, respectively.

NOTE E - PLAN TERMINATION

Although they have not expressed any intention to do so, the Trustees may completely or partially amend or terminate the Plan at any time. Upon termination, the Plan allows available Plan assets to be allocated in accordance with any reasonable method selected by the Trustees, including the reversion of any excess monies remaining after satisfaction of all liabilities to each participating employer on the date of termination in a manner determined by the Trustees.

NOTE F - RISKS AND UNCERTAINTIES

The Plan invests in cash-related instruments and various investment securities that are potentially subject to various risks such as interest rate, market, and credit risk. Due to minimal level of risk associated with cash related instruments, it is reasonably possible that changes in the values of these cash-related instruments in the near term would not materially affect the amounts reported in the statements of benefit obligations and net assets available for benefits.

ROMAN CATHOLIC ARCHDIOCESE OF BOSTON TRANSITION ASSISTANCE PROGRAM

Notes to Financial Statements

June 30, 2015 and 2014

(See Independent Accountants' Review Report)

NOTE F - RISKS AND UNCERTAINTIES (Continued)

The actuarial present value of benefit obligations is reported based on certain assumptions pertaining to interest rates, health care inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

NOTE G - OTHER MATTER

The Trust was established under the Plan to hold the Plan's assets to qualify pursuant to Section 501(c)(9) of the IRC, and accordingly, the Trust's net investment income is exempt from income taxes. The Trust has obtained a favorable tax determination from the Internal Revenue Service, and the Plan sponsor believes that the Trust continues to qualify and to operate in accordance with applicable provisions of the IRC. Therefore, no provisions for income taxes have been included in the accompanying financial statements.
