To the Trustees
Blessed John XXIII National Seminary, Inc.

We have audited the accompanying statements of financial position of Blessed John XXIII National Seminary, Inc. as of June 30, 2009 and 2008, and the related statements of activities, changes in net assets, and cash flows for the years then ended. These financial statements are the responsibility of the Seminary's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Blessed John XXIII National Seminary, Inc. at June 30, 2009 and 2008, and the changes in its net assets and its cash flows for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated March 26, 2010 on our consideration of Blessed John XXIII National Seminary, Inc.'s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreement and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Notes to Financial Statements

June 30, 2009

Note 1 - Principal Activity and Summary of Significant Accounting Policies

Principal Activity - The Seminary is a Roman Catholic, professional and graduate theological school dedicated primarily to the intellectual, cultural and spiritual preparation of second-career seminarians for the priesthood.

Financial Statement Presentation - The Seminary reports information regarding its financial position and activities according to three classes of net assets as determined by donor-imposed restrictions: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets. See Note 9 regarding restrictions on net assets. Board-designated net assets are included in unrestricted net assets and consist of net assets designated by the Board of Trustees for capital improvements, and as amounts endowed to provide a permanent source of income.

Accounting Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets, liabilities, revenues, expenses and the disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

Cash Equivalents - The Seminary considers short-term, highly-liquid investments with original maturities of three months or less to be cash equivalents.

Receivables - Contributions receivable do not include an allowance for doubtful accounts, as one was not considered necessary by management at June 30, 2009 or 2008.

Inventories - Inventories are valued at the lower of cost or market value based on the first-in, first-out (FIFO) method, and consist of books and related supplies.

Investments - The Seminary reports investments in equity securities, including mutual funds, at fair value. Increases or decreases in the market value are reflected currently in the statement of activities (see Notes 2 & 3).

Property and Equipment - Property and equipment are stated at cost. Property contributed by the Roman Catholic Archdiocese of Boston in 1997 is stated at the net book value of the Archdiocese at the time of the contribution. Maintenance and repairs are expensed as incurred, whereas major purchases are capitalized (see Note 5).

Depreciation has been calculated and provided over the estimated useful lives of the respective assets on a straight-line basis. Estimated useful lives are summarized as follows:

	<u>Estimated Useful Lives</u>
Building and building improvements	15 - 40 years
Furniture and equipment	5 years
Motor vehicles	5 years

Contributions and Donor Restrictions - The Seminary reports contributions of cash or other assets as restricted support, thereby increasing temporarily restricted net assets, if they are received with donor stipulations that limit, specify or otherwise restrict the use of such contributions. When a donor restriction expires, either by use of the funds for the specified purpose or by the expiration of a time restriction, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions.

Notes to Financial Statements (Cont.)

June 30, 2009

Note 1 - Principal Activity and Summary of Significant Accounting Policies (Cont.)

Contributions and Donor Restrictions (Cont.)

Endowment funds established by donor restrictions to permanently maintain the principal, while allowing the use of income generated therefrom, are classified as permanently restricted net assets. Income derived from the investment of endowment funds (interest and dividends) is reported as unrestricted revenue or as temporarily restricted revenue depending on the terms of the donor instrument.

Under Massachusetts General Laws, unrealized gains or losses from endowment fund investments are reported as increases or decreases in temporarily restricted net assets unless the donor explicitly states otherwise (see Note 10).

Contributed Services - The Seminary recognizes contributions of services received as support in the statement of activities with an equal amount recognized as expense if the services provided require special skills and would need to be purchased by the Seminary if not contributed (see Note 8).

Accounting for Assets Held by Others - The Seminary recognizes as an asset its interest in the net assets of other related organizations who hold funds that have been donated for the benefit of the Seminary. The asset amount is adjusted for the Seminary's share of the change in the related organization's net assets via a charge or credit to the Seminary's statement of activities. Transfers of funds from the related organization are reported as reductions to the Seminary's recorded interest (see Note 4).

Income Tax - The Seminary is included in the United States Catholic Conference Group Ruling and in the Official Catholic Directory and is therefore exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code. Accordingly, no provision for income taxes is included in these financial statements.

Reclassifications in 2008 Financial Statements - Certain investments in the amount of \$110,318 previously reported as cash equivalents at June 30, 2008 have been retrospectively reclassified as investments to conform to the 2009 classifications. In addition, board-designated quasi-endowments at June 30, 2008 have been increased by \$330,009 via a corresponding reduction to undesignated net assets in order to conform to the 2009 classification. Neither reclassification had any effect on the net asset total or the change in the net asset total as previously reported as of and or the year ended June 30, 2008.

Note 2 - Investments

Investments consist of the following at June 30:

	2009		2008	
	Cost	Fair Value	Cost	Fair Value
Common Investment Fund, Roman Catholic Archbishop of Boston	\$ 3,890,421	\$ 3,974,500	\$ 4,072,481	\$ 4,869,346
Revolving Loan Fund, Archdiocese of Boston	806,430	806,430		
Mutual Funds (As restated in 2008 - see Note 1)	119,952	109,556	114,205	110,318

Blessed John XXIII National Seminary, Inc.

Notes to Financial Statements (Cont.)

June 30, 2009

Note 2 – Investments (Cont.)

The majority of the Seminary's investments represent unit holdings in the Common Investment Fund, Roman Catholic Archbishop of Boston (the "Common Investment Fund"), a separate related organization established to provide common investment pools in which the Seminary and other related organizations may participate. The participants own units based upon a per-unit value at the time of purchase. The Common Investment Fund incurs service fees from the Corporation Sole for administrative and clerical services performed on behalf of the fund. These fees are reflected in the calculation of the value per unit. Dividend income from the investments totaled \$170,575 and \$200,124 for the years ended June 30, 2009 and 2008, respectively.

The Common Investment Fund invests nearly all of its funds in the RCAB Collective Investment Partnership (the "Investment Partnership"), the underlying investments of which are primarily equity and fixed-income securities (U.S. Government and agency securities, asset-backed securities and corporate bonds) owned either directly or indirectly through mutual funds and private entities.

The Revolving Loan Fund of the Archdiocese of Boston is intended to provide parishes, schools and other Catholic organizations operating under the auspices of the Roman Catholic Archdiocese of Boston with savings and loan services. Aggregated savings are utilized to assist other institutions with loans. Interest rates are reviewed regularly and adjusted to maintain competitive rates in the marketplace. Interest income from these investments totaled \$1,430 for the year ended June 30, 2009.

The Seminary's investments (including investments bought, sold and held during the year) appreciated (depreciated) in value as follows during the years ended June 30:

	<u>2009</u>	<u>2008</u>
Common Investment Fund, Roman Catholic Archbishop of Boston	\$ (727,487)	\$ (530,614)
Mutual Funds	<u>(6,509)</u>	<u>(3,887)</u>
	<u>\$ (733,996)</u>	<u>\$ (534,501)</u>

Risks and Uncertainties – The Seminary's investments in a common investment fund and mutual funds are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with these investment securities, and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect the amounts reported in the Statements of Financial Position and the Statement of Activities.

Note 3 – Fair Value Measurements

Effective July 1, 2008, the Seminary adopted Financial Accounting Standards Board ("FASB") Statement of Financial Accounting Standards No. 157, "Fair Value Measurements" (FAS 157). FAS 157 establishes a fair value hierarchy that prioritizes the inputs and assumptions used to measure fair value, giving the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FAS 157 are described below:

Level 1 – Valuations based on quoted prices available in active markets for identical assets and liabilities.

Blessed John XXIII National Seminary, Inc.

Notes to Financial Statements (Cont.)

June 30, 2009

Note 3 – Fair Value Measurements (Cont.)

Level 2 – Valuations based on quoted prices in markets that are not active or for which all significant inputs are observable either directly or indirectly for the asset or liability.

Level 3 – Valuations based on inputs that are unobservable and significant to the overall fair value measurement for the asset or liability.

The Seminary's financial assets that are accounted for at fair value on a recurring basis as of June 30, 2009, by level within the fair value hierarchy, are presented in the table below. Financial assets measured at fair value on a nonrecurring basis, such as contributions receivable, are excluded from the table.

	Level 1 Quoted Prices in Active Markets for Identical Assets	Level 2 Significant Other Observable Inputs	Level 3 Significant Unobservable Inputs	Balance as of June 30, 2009
Units of Common Investment Fund	\$ -	\$ 3,974,500	\$ -	\$ 3,974,500
Units of Revolving Loan Fund	-	806,430	-	806,430
Shares of Mutual Funds	109,556	-	-	109,556
	<u>\$ 109,556</u>	<u>\$ 4,780,930</u>	<u>\$ -</u>	<u>\$ 4,890,486</u>

An asset or liability's level within the framework is based upon the lowest level of any input that is significant to the fair value measurement. The methods used for valuing the assets and liabilities are not necessarily an indication of the risks associated with those assets.

A summary of the methods used to estimate the fair value of investments is as follows:

Unit Values in the Common Investment Fund (CIF) and Revolving Loan Fund (RLF) - These investments do not have quoted prices in active markets or significant other observable inputs that have quoted market prices although the Seminary can redeem its investment at the net asset value per share at June 30, 2009. These assets are classified as being valued using Level 2 inputs under the fair value hierarchy following FASB Accounting Standards Update 2009-12, which the Seminary early-adopted. The Seminary estimates the fair value of its unit holdings in the CIF and RLF based on the Seminary's share of the underlying investment portfolio that consists of actively-traded equities, bonds and money market funds for the CIF and loans to Archdiocesan organizations for the RLF.

Mutual Funds - These investments are public investment vehicles valued using the Net Asset Value (NAV) provided by the administrator of the fund. The NAV is a quoted price in an active market and classified within Level 1 of the valuation hierarchy.

Note 4 – Interest in the Catholic Foundation of the Archdiocese of Boston, Inc. (“Foundation”)

The Seminary is the beneficiary of restricted donations collected on its behalf by the Foundation, a related party. As discussed in Note 1, “Accounting for Assets Held by Others”, the Seminary has recorded as an asset its interest in the Foundation's net assets, approximately \$1,888,000 at June 30, 2009 (\$2,298,000 at June 30, 2008). The change in the Seminary's interest is reflected in the statement of activities as a decrease in net assets of \$139,280 in 2009 and \$100,187 in 2008. Transfers of funds from the Foundation totaled \$270,736 and \$382,112 for the years ended June 30, 2009 and 2008, respectively.

Depreciation expense totaled \$108,751 and \$128,282 for the years ended June 30, 2009 and 2008, respectively.

Note 6 - Related Party Transactions

The Seminary received \$129,000 in 2009 (\$184,500 in 2008) from the Archdiocese of Boston, representing tuition for registered Boston students.

During the years ended June 30, 2009 and 2008, the Seminary was charged \$178,735 and \$167,840, respectively, for health, life, disability and property insurance administered by the Roman Catholic Archdiocese of Boston, A Corporation Sole.

Note 7 - Employee Pension Plan

The Seminary participates with other Catholic organizations in a multi-employer, noncontributory, defined benefit pension plan covering substantially all lay employees. Benefits are provided through the Roman Catholic Archdiocese of Boston Pension Plan (the "Pension Plan"). The Seminary's employees comprise less than 1% of all lay employees covered. The Pension Plan is not subject to the Employee Retirement Income Security Act of 1974 ("ERISA"). Pension expense allocated to the Seminary is based on payroll cost and amounted to \$42,000 and \$43,000 for the years ended June 30, 2009 and 2008, respectively.

Note 8 - Contributed Services

For the years ended June 30, 2009 and 2008, the Seminary recorded contributions in the amount of \$353,825 and \$332,996, respectively, for services performed by priests who serve as faculty. These amounts represent the differences between the actual compensation paid and the estimated compensation that would be paid to laypersons performing the same services (see Note 1).

Note 10 – Endowments and Quasi-Endowments

The Seminary's endowments consist of various funds established for the support of various activities. As required by accounting principles generally accepted in the United States, net assets associated with endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions.

Interpretation of Relevant Law – The Seminary has historically viewed the Massachusetts Uniform Management of Institutional Funds Act (UMIFA) as requiring the Seminary to preserve the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the Seminary classifies as permanently restricted net assets (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. This is regarded as the “historic dollar value” of the endowment fund. The remaining portion of the donor-restricted endowment fund that is not classified in permanently restricted net assets and is regarded as “net appreciation” is classified as temporarily restricted net assets until those amounts are appropriated for expenditure by the Seminary.

Funds with Deficiencies – From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the “historic dollar value”. Deficiencies of this nature are reported in unrestricted net assets. There were no such deficiencies as of June 30, 2009.

Endowment Investment Policy – The Seminary has adopted an investment philosophy which, combined with the spending rate, attempts to provide a predictable stream of returns thereby making funds available to programs that are supported by its endowment, while at the same time seeking to maintain the purchasing power of the endowment assets. Endowment assets include those assets of donor-restricted funds that the Seminary must hold in perpetuity or for donor-specified periods. Under the Seminary's investment policy and spending rate, both of which are approved by the Board of Trustees, the endowment assets are invested in a manner that is intended to produce an inflation-adjusted return in excess of the spending rate over a long period of time. Actual returns in any given year may vary.

Strategies Employed for Achieving Objectives – To satisfy its long-term rate-of-return objectives, the Seminary relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). From the time when the Seminary was organized, the Seminary has invested its endowment investment portfolio in the Common Investment Fund which, in turn, invests in the Investment Partnership (see Note 2). The Investment Committee of Corporation Sole is responsible for selecting the investment managers of the Investment Partnership. The Investment Committee's investment rationale is to include an array of different strategy investment managers for the Investment Partnership's portfolio to reduce overall volatility while providing investment returns above industry benchmarks.

Note 11 - Financial Instruments and Concentrations of Credit Risk

The Seminary's financial instruments that potentially subject it to concentrations of credit risk consist of cash, investments and a beneficial interest in the net assets of a foundation.

The Seminary maintains its cash accounts in high quality financial institutions. At times, the amounts on deposit at any institution are in excess of insured limits. At June 30, 2009, the excess approximated \$293,000. Cash equivalents consist of uninsured money market accounts and approximate \$147,000 at June 30, 2009.

Note 11 - Financial Instruments and Concentrations of Credit Risk (Cont.)

As more fully discussed in Note 2, 81% of the Seminary's investments consist of Common Investment Funds administered by the Roman Catholic Archdiocese of Boston (RCAB) with the balance consisting primarily of Revolving Loan Funds administered by the RCAB.

As more fully discussed in Note 4, the Seminary has a beneficial interest in the net assets of the Catholic Foundation in the approximate amount of \$1,888,000 at June 30, 2009.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE AND ON INTERNAL CONTROL
OVER FINANCIAL REPORTING BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Trustees
Blessed John XXIII National Seminary, Inc.

We have audited the financial statements of Blessed John XXIII National Seminary, Inc. as of and for the year ended June 30, 2009, and have issued our report thereon dated March 26, 2010. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Blessed John XXIII National Seminary, Inc.'s internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Blessed John XXIII National Seminary, Inc.'s internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of Blessed John XXIII National Seminary, Inc.'s internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control.

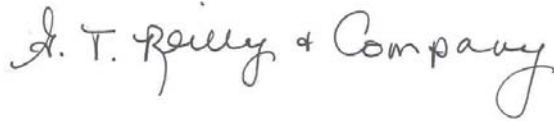

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Blessed John XXIII National Seminary, Inc.'s financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations and contracts, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of the Board of Trustees and management of Blessed John XXIII National Seminary, Inc., and for federal awarding agencies and pass-through entities, and is not intended to be and should not be used by anyone other than these specified parties.
